

The ultimate goal of Pickup the Ball is community transformation through the personal growth and leadership of its Teammates. It is vital to the organization that Teammates see themselves in the organization, direct the organization, and lead the organization. Pickup the Ball must ultimately be run by the Teammates themselves. To that end, we have established a Teammate Executive Team in order to give structure to the Teammate-led aspect of Pickup the Ball.

President

Provides leadership to all Teammates.
Presides over Teammate Meetings.
